Specific Spectator Instructions

(Please Read)

1. Spectators are directed to view the cars whilst standing within the markers indicating the limits of the controlled spectator area – spectating outside those areas indicated is prohibited.
2. Spectators must not stand in prohibited areas, and must at all times stand behind the bunting which marks the spectator area.
3. The instructions of the Safety Officer/Marshals must be obeyed. The Safety Officer has the power to postpone a stage until the spectator point is controlled to his satisfaction.
4. It is prohibited to ignore the spectator instructions and find your own way around. Not only is there a danger of meeting up with an oncoming rally vehicle, but many roads have wash-aways, collapsed bridges, etc. which are potentially hazardous for the driver. The main spectator route has been surveyed and is safe.

MOTOR RACING IS DANGEROUS

Spectators are reminded that Motor Sport is dangerous and accidents can happen.

All care is taken to protect the public, but spectators are warned that there is a possibility of an accident causing injury, death or property damage.

It is a condition of attending this event that spectators and all persons do so entirely at their own risk. By doing so, the spectator acknowledges that entry to the event venue has a degree of danger and the promoter, clubs, corporations, organisations and persons involved having any connection with promoting, organising or conduct of the event shall have no liability to you except in regard to any rights you may have arising under the Trade Practices Act 1974.
